Re: Bulk Data Request

Dear Mr. Wallis:

I write in response to your request for bulk and/or compiled data from Indiana courts. Specifically you have requested data regarding all traffic violation and criminal traffic violations filed and all traffic and criminal traffic violations disposed in the Indiana Court system.

As you are aware, Administrative Rule 9(F)(2) provides as a condition precedent to seeking bulk distribution or compiled information from any Indiana court, you must submit the request for such data to the Executive Director of the Indiana Supreme Court Division of State Court Administration (the "Division"). This rule and the comments that follow provide that a request for bulk distribution or compiled information may be granted upon determination that the information sought is consistent with the purposes of this rule, that resources are available to prepare the information and that fulfilling the request is an appropriate use of public resources. The grant of such request may be made contingent upon the requester paying an amount, which the court determines is the fair market value of the information.

The Executive Director, Lilia Judson, has approved your request and seeks your signature on the attached User Agreements. These agreements incorporate the Indiana Supreme Court's general policies regarding the use and resale of bulk and/or compiled court data. Ms. Judson has already signed the agreements in anticipation of your signature. Please sign and return the agreements to us. We do need your original signature. We also need a list of all business entity names related to Drivers History Information Acquisition, LLC and all company policies provided to Drivers History Information Acquisition, LLC's subscribers/customers/clients. These will be attached and incorporated into the User Agreements.

You have requested data from all Indiana Counties. Our office only has access to court records from counties using the statewide case management system (the "Odyssey" system). Since we do not have access to those counties using other case management systems, Administrative Rule 9(F)(2) provides that the Executive Director may forward the request to courts exercising jurisdictions over the records. We will be forwarding a copy of your request to the presiding judge with a copy to the clerk of court notifying them of the Division's approval of your request. The comments to Administrative Rule 9(F)(2) authorizes courts, in their discretion, to provide access to bulk and compiled data; it does not require that such information be made available. Permitting bulk distribution or compiled information should not be authorized if providing the data will interfere with the normal operations of the court.

Once you have executed the attached User Agreements and returned them to us, copies of the Division's approval of your request and the User Agreements will be forwarded to all counties not using the Odyssey system. You will need to contact the clerks from these counties to seek approval of your request. A representative from the Judicial Automation and Technology Committee will contact you regarding the distribution of the data you are seeking from the Odyssey system.

Feel free to contact staff attorney, Jeff Wiese, at jeffrey.wiese@courts.IN.gov or (317) 234-1873, or me at tracy.beechy-nufer@courts.IN.gov or (317) 234-2542, if you have questions.

Sincerely,

Tracy Beechy-Nufer
Director of Trial Court Management

- D. The Division requires that the Requesting Party understand and agree to comply with certain restrictions on usage of the Data and Compiled Information.
- E. The Requesting Party is not automatically entitled to the distribution of Data or Compiled Information of a court simply by the approval of this user agreement by the Division.
- F. The Requesting Party may be required to pay an amount which the Court determines is the fair market value of the information requested.
- G. The bulk distribution is limited to court records, even if the Requesting Party is seeking other information that is governed by other agencies' policies.

In the event the Requesting Party plans to offer a service allowing others to review the Court Records and disseminate information in the Court Records to subscribers, customers, clients, or other third parties, a current copy of the Requesting Party's policies and information related to the dissemination shall be attached hereto as an Exhibit B. The Requesting Party is under an ongoing obligation to provide the Division with a copy of any updated Policy information within thirty (30) days of its modification.

A. The Requesting Party agrees that the Division may include “control” or “salted” data as a portion of the Court Records as a means to ensure that any personally identifiable information is not used for commercial solicitation purposes or in an indiscriminate and reckless manner.

B. The Requesting Party agrees to provide the Division with access, at no charge, to any database created using the Court Records for the purpose of monitoring and auditing contract compliance.

C. The Requesting Party agrees to provide the Division with copies of the materials and information the Requesting Party provides its subscribers, customers, clients, or other third parties.

Re: Request for Release of Bulk Data

Dear Ms. Judson,

I am writing on behalf of Driver's History Information (i.e. "DHI") to request the release of Indiana bulk traffic violation data (inclusive of all traffic and criminal traffic violations) from the Indiana Odyssey Case Management System as well as each trial court not participating in the Odyssey system. This data will be used to support DHI's automobile insurance underwriting and claims investigation applications. Insurance companies that use DHI's services are able to more accurately make underwriting decisions and identify and reduce fraud. DHI understands that upon receiving state approval we may be required to approach a number of the courts independently with our request.

DHI offers its products in a number of states and DHI's use of the data would be in compliance with all federal, state and independent jurisdiction guidelines.

We appreciate your consideration. Moreover, we respectfully suggest that granting our request is good public policy that will benefit the citizens of Indiana by making insurance costs fairer and reducing fraud. We look forward to hearing from you soon.

Sincerely,

Mike Wallis

II. **Identification of Bulk Data/Compiled Information sought:**

Delaware	Jay	Ohio	Switzerland	
Dubois	Jefferson	Orange	Tippecanoe	
Elkhart	Jennings	Owen	Tipton	

IV. Purpose for Request: What is the purpose of the request and how is release consistent with the purpose of Administrative Rule 9?

Administrative Rule 9 section (B)(1) states that "All persons have access to court records as provided in this rule, except as provided in section (B)(2) of this rule."

DHI provides automobile insurance companies and their agents with data and decisioning tools that utilize traffic violation information in support the company's underwriting and special investigations functions.

V. Attach a copy of each permission from a Court to obtain bulk distribution of Data or Compiled Information that has already been issued.

Permission has not yet been obtained from any Court. It is the understanding of DHI that this request is the appropriate course of action that will begin this permission process.

- VI. Attach a copy of each Agreement Requestor has entered into with each County or Court listed in Section III to provide public access services or to obtain bulk distribution of Data or Compiled Information.**

DHI has not yet entered into any agreement with an Indiana County or Court to provide public access services or to obtain data.

- VII. Identify the frequency with which bulk Data and Compiled Information is being requested to be transferred to Requestor by each Court listed in Section III.**

Monthly feeds of data would be adequate. A more frequent update schedule (i.e. daily or weekly) would be preferred where available and where such frequency would not be burdensome for the Court.

- VIII. Describe the resources available to prepare the information.**

DHI has a dedicated staff of data analysts and project coordinators available to work with each Court to ensure a smooth transition of data and where possible to minimize the technical effort required by the Court to fulfill this request.

- IX. Describe how fulfilling the request is an appropriate use of public resources.**

Insurance companies that utilize DHI's services are able to more accurately make underwriting decisions and identify and reduce fraud. Collectively these benefits will allow automobile insurance companies operating within the state of Indiana to better allocate risk and make the cost for insurance fairer for the insured, both of which serve the public good.

- X. Requestor is (is not) willing to pay an amount determined to be the fair market value of the information. If not, why?**

DHI is prepared to pay fair market value for the requested information, as determined by the state, individual Court, or other governing entity.

- XI. Does this Request include a request for permission to transfer the bulk Data and Compiled Information to a third party?**

DHI does not provide the data in bulk to any third party.

- XII. If the answer to the question in Section XI is no, there is no need to provide the following information but if the answer is yes, please provide the following:**
